SKILLS

- Python
- Java
- C Programming
- C++
- SQL
- Full Stack Development
- Artificial Intelligence

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Telugu (Intermediate)

PROFILE

Second-year B.Tech. Computer Science Engineering student at VIT-AP University, passionate about learning and applying technical skills. I am a tech enthusiast with a strong passion for exploring new technologies in order to create innovative solutions to real-world challenges. Always eager to face new challenges, and seeking opportunities to gain hands-on experience and contribute to software development and technology-focused challenges. and excited about contributing meaningfully to my profession.

WORK EXPERIENCE

AICTE and Microsoft

FEBRUARY 2025 - MARCH 2025

Artificial Intelligence Intern

- As a part of this internship I created and implemented a Python-based personal fitness tracker.
- Worked on the foundations data analysis, machine learning algorithms, and artificial intelligence.

MotionCut

FEBRUARY 2025 - MARCH 2025

Python Intern

- Concentrated more on projects using the Python programming language and Created projects like Expense Tracker, Word Counter, and Random Username Generator.

CodSoft

AUGUST 2024 - SEPTEMBER 2024

Web Development Intern

- Developed websites with HTML, CSS, and JS, including a calculator, landing page, and personal portfolio.

PROJECTS

Personal Fitness Tracker using Python

- It will be able to observe your predicted calories burned in your body. Pass your parameters such as Age, Gender, BMI, etc., into this WebApp and then you will see the predicted value of kilocalories burned.

Personal Portfolio

- This Portfolio that showcases my skills, projects, and personal information.

EDUCATION

Bachelor of Technology

2023 - 2027

Computer Science and Engineering | Vellore Institute of Technology

GPA: 8.6 / 10.0
